

# Outdoor Living

---

Outdoor living products are a great way to enjoy the outdoors by adding shade and structure to an outdoor space, pool, or spa area. Designed for both beauty and strength, pergolas can turn a sunny backyard into an affordable, luxurious retreat for entertaining or relaxing. Imagine all the comfort of indoor living in the ultimate outdoor living room complete with fireplace, TV, and kitchen for hosting family and friends.

## WHY FIBERGLASS?

- Ease of Installation
- Low Maintenance
- Will not rot, check, split, or twist
- High strength to weight ratio
- Corrosion resistance
- Can be used around heat sources
- Weather and insect proof
- Prefinished with a ChromaGuard® engineered coating
- Can be painted any color
- 20 foot clear spans
- Hollow columns and rafters act as a conduit to conceal wiring
- Supports vines or climbing plants
- Consistency in appearance
- Pound for pound stronger than steel
- Limited Lifetime Warranty

## STOCK FIBERGLASS PERGOLA

We manufacture fiberglass pergola kits using pultrusion technology to produce the strongest yet lightest structures available with a Limited Lifetime Warranty. Our structural fiberglass components are strong, light weight, and provide a higher level of aesthetic quality than vinyl or wood pergolas.

Pre-finished with our white Chromaguard® Coating, Arbor-Loc® tie down system, and our no-seam Spartan Rafter Tails, they are available with no-taper round or square pultruded fiberglass columns without neck moulding. Optional wind-load/deck plates are available.

NOTE: Stock fiberglass pergolas are single support rafter with header style.

For Stock and Predesigned Fiberglass Pergolas

## CHROMAGUARD® Inspired designer colors to match your style.

Formulated specifically for Arbors Direct®, ChromaGuard® is a strong, durable, engineered coating that seals

and bonds to structural fiberglass like a protective shell to ensure a long lasting quality finish. ChromaGuard® is applied as a uniform finish at the factory so there is no extra work required by the installer.

Arbors Direct offers eleven

inspired designer color formulas in Cannon, Estate, Java, Moss, Saddle, Cream, Fog, Latte, Linen, Tricorn, Cocoa, and White, our most popular color request.

Easy to install, easy to maintain, with a limited lifetime warranty.

\*Color may differ slightly due to print settings. Please call for more information.

## CHOOSE FROM THESE RAFTER TAIL OPTIONS

Your pergola is more than just shelter from the sun. Select from thoughtful details that complement your individual style and architecture. Our decorative tail options give

you a range of style choices when customizing. From Spartan to Roman, Kensington to Windsor, or Craftsman to Napa, our thoughtful details complement your personal style. Our

stock pergola kits are decorated with the popular Spartan style tail rafter. Routed into the heart of the material, our details are structurally sound and handsome.

### AN ISLAND OASIS RIGHT IN YOUR OWN BACKYARD

Freestanding Structural Fiberglass Pergolas quickly transform a blazing hot and uninspired backyard into an affordable luxurious retreat for entertaining or a private hideaway for relaxing. Imagine all the comfort of indoor living in the ultimate outdoor living room complete with a fireplace hearth, TV, and kitchen. Entertain friends and family, watch the game with your neighbors, or just take a quiet nap on your own private island oasis.

### ACCENTUATE THE POSITIVE WITH AN EXTENSION OF YOUR LIVING SPACE OUTDOORS

Attached Structural Fiberglass Pergolas allow you to expand your indoor living space outdoors. Create a charming extension of your home's livable square footage by adding interest with an impressive attached structural fiberglass pergola to your patio or deck space. Cook in and dine out... right outside your own door. Not only practical and convenient, attached pergolas add visual contrast and beauty to your view and home. Sit on the porch and enjoy watching the magic of sunrise or sunset under the cover of your beautiful attached pergola.

NOTE: Predesigned fiberglass pergolas are double support rafter, no header style.

*Let us turn  
your outdoor  
dreams into  
a reality.*

Pergolas are a great way to add a shade structure to any outdoor space, pool, or spa area. Designed for both beauty and strength, pergolas can turn any backyard into an affordable luxurious retreat for entertaining friends and family, grilling and watching the game, or simply relaxing in the great outdoors. Arbors Direct is the leading manufacturer of cutting-edge structural fiberglass arbors and pergolas for residential and commercial applications. Fiberglass has been used to replace wood in residential and commercial construction for decades. Arbors Direct has gained a reputation for outstanding quality and service. Pultrusion technology produces the strongest yet lightest structures available with a reasonable price-point. Now, structural fiberglass allows for the construction of pergolas that are far superior to those that have come before, transforming a hot and sunny backyard into an elegant outdoor experience.

Our in-house design team is ready to work with you to design a custom pergola that meets your exact needs. We offer a wide selection of colors, column types, sizes, and shapes to fit your space and style. Our design software, Structure Studios provides a full color video presentation when choosing a custom pergola. There is almost no limit to what can be created. To request a custom design, using the form on page 9, send us your measurements, choose the perfect color(s), columns, and rafter tail design to complement your style. Arbors Direct will send a quote within 48hrs.

# MOR-SHADE™ FOR STRUCTURAL FIBERGLASS PERGOLAS

HB&G® offers three ways to increase the shade provided by your pergola: Mor-Shade™ Canopy, Purlin, and Shade Sail. Each option is specifically designed to be an attractive accent to your pergola and create a shelter from the sun's rays. The combination of an HB&G® pergola and a Mor-Shade™ shade solution is the ultimate combination of beauty, function, and versatility to create your outdoor living room.

Designed for ease of use our exclusive retractable Mor-Shade™ Canopy slides on a wired system that is ready to install out of the box. The unique modular design is easy to install, just like our fiberglass pergolas, to enhance your outdoor living experience. Designed to quickly lock individual canopy panels in place to provide shelter from the sun or remove panels as quickly when the sun goes down.

## CANOPY AND SAIL COLOR OPTIONS

Ginkgo

Slate

Tresco Ginger

Tresco Brick

Charcoal Grey

Marine Blue

\*Color may differ slightly due to print settings. Please call for more information.

NOTE: Mor-Shade™ Canopy and Shade Sail must be removed when severe weather is anticipated or the warranty is void.

## MOR-SHADE™ PURLIN

Increase the size and number of purlin on the top of the pergola to increase the amount of shade provided by the pergola.

## MOR-SHADE™ SHADE SAIL

The Mor-Shade™ Shade Sail is a solid fabric cover that is easy to install and remove based on weather conditions and time of year.

# INTRODUCING THE MONARCH® STRUCTURAL FIBERGLASS PERGOLA KIT.

The Monarch® was created for residential use as cost-effective shade structure adding value to any outdoor living space. Today's buyer is willing to pay a premium for a home with an outdoor living space. Designed for both beauty and strength, Monarch® pergolas can transform a boring backyard into a delightful, yet affordable retreat for hosting a party or barbeque and catching up with family and friends.

Monarch® pergolas are available in 10'x10' and 12'x12' kits with square columns. Suitable for any climate, structural fiberglass is highly durable and can support heavy vine growth with the bonus of being insect and weather proof. The material will not expand or contract, twist, warp, or bow through the changes of the seasons. Monarch® pergolas come factory primed and ready to paint.

Easy to install the pergola can be completed in a matter of hours. Relax knowing you will enjoy your Monarch® pergola for years to come with low maintenance and limited lifetime warranty.

## KIT SIZES

10' x 10'	12' x 12'
-----------	-----------

## TRELLISES AND EYEBROWS

### Enchanting details in just a wink

The eyebrow trellis is the perfect addition to your house. Designed to complement your architecture, it allows for filtered sunlight to add interest, and flowering vines to bring down the scale of the house, on broad areas providing overhead protection, and softening any harsh architectural lines. The eyebrow trellis is a charming addition to your structure. We have designed 3 standard sizes of eyebrows.

If these sizes don't meet your needs our in-house design team is ready to work with you to design a custom eyebrow or trellis that meets your exact needs. We offer a wide selection of colors, types, sizes, and shapes to fit your design aesthetics and space.

### EYEBROWS/TRELLISES

\*Custom Sizes Available

**Transform a simple backyard, park, or garden into an elegant outdoor sanctuary.**

Exceptionally strong, beautifully designed, and built to last, our Entry Arbors and Swing Arbors are the perfect accent to any landscaping project. Stock and Custom Kits are available for Entry and Swing Arbors. Choose from a variety of colors or custom-match the color to your specifications with square or round columns.

Developed to complement our pergolas, Entry Arbors and Swing Arbors are an excellent value and offer a lifetime of beauty and low-maintenance enjoyment. A stock Entry Arbor measures 12'x3' and comes pre-finished in white ChromaGuard®, our exclusive engineered coating. Both the Entry and Swing Arbors will support any type of vine or climbing plant and can be used in commercial applications, such as vineyards.

**FIBERGLASS SWING ARBORS**

12' x 3' Entry Arbor	10" x 8'	Pultruded Square

Arbors Direct® Privacy Screens can turn a busy, open living or dining area into a private nook or sanctuary. These structures are ideal for creating secluded spaces around pools, spas, outdoor dining areas, or for concealing pool pumps and heating/AC units. Good privacy screens make good neighbors. Privacy screens are ideal for apartments and condominiums that share patio and balcony space, new construction and ocean front properties where corrosion can be an issue. Engineered with angled slats allowing air to circulate while maintaining the utmost privacy.

Both the 12' Freestanding Privacy Screen and a 24' Freestanding Corner Screen are beautifully designed and available with square columns. We can also design custom privacy screens to meet your specific project requirements.

Three sizes of Attached Privacy Screens are available for the 12', 14', and 16' standard stock square column pergolas as an accessory or after-market option.

#### PRIVACY SCREENS - FREE STANDING
